

DETAILED AGENDA

MDR-TB: Overcoming Global Resistance

All plenary sessions will take place in the Bay Auditorium

Tuesday, June 16, 2009

17:30 – 21:00 **Reception and Opening Dinner** – Harbor Dining Room

Welcome

Addresses: Michael BIRT
Executive Director, Pacific Health Summit

Lee HARTWELL
President and Director, Fred Hutchinson Cancer Research Center

Mark WALPORT
Director, The Wellcome Trust

Tadataka YAMADA
President, Global Health Program, Bill & Melinda Gates Foundation

Introducer: Richard ELLINGS
President, The National Bureau of Asian Research

Moderator: Maria CATTAUI
Former Secretary-General, International Chamber of Commerce

Featured

Contributors: Peter PIOT
Director and Professor, Institute of Global Health, Imperial College

Jorge SAMPAIO
UN Secretary-General Special Envoy to Stop TB

Wednesday, June 17, 2009

7:00 **Registration Opens and Breakfast Available**

8:00 – 8:30 **State of the Science Address**

Introducer: Jeremiah CHAKAYA
Chief Research Officer, Kenya Medical Research Institute

Speaker: Anthony FAUCI
*Director, National Institute of Allergy and Infectious Diseases,
National Institutes of Health*

8:30 – 10:15 **Opening Plenary Panel Session**

New leadership and dynamic innovation: Moving beyond the unreasonable status quo

How can high-burden emerging economies lead the effort to stop MDR-TB? How do we translate and implement the findings from the April Beijing meeting into actionable policy? How can political will leverage new commitments to catalyze public-private innovation?

- Introducers: Chris VIEHBACHER
Chief Executive Officer, sanofi-aventis
- Depei LIU
President, Chinese Academy of Medical Sciences
- Moderator: Peter SINGER
Professor of Medicine, Sun Life Financial Chair in Bioethics and Director, McLaughlin-Rotman Centre for Global Health, University Health Network, University of Toronto
- Panelists: Maharaj K. BHAN
Secretary, Department of Biotechnology, India
- Carlos Augusto Grabois GADELHA
Vice President, Health Production and Innovation, Fiocruz
- Kewen JIN
General Manager, Charles River Laboratories
- Yogan PILLAY
Deputy Director-General, Strategic Health Programs, National Department of Health, South Africa
- Mphu RAMATLAPENG
Minister, Ministry of Health, Lesotho
- Tadataka YAMADA
President, Global Health Program, Bill & Melinda Gates Foundation

10:15 – 10:45 **Break**

10:45 – 12:15 **Plenary Panel Session II: Why should industry be fully engaged in the battle?**
How do we influence and accelerate research and development for new drugs, vaccines, and diagnostics? What is the untapped market for these tools?

- Introducer: Mark HARRINGTON
Executive Director & Co-Founder, Treatment Action Group
- Moderator: Mark WALPORT
Director, The Wellcome Trust
- Panelists: Margareth DALCOLMO
Director, Helio Fraga Reference Center, Brazil
- Wayne PISANO
President and Chief Executive Officer, sanofi pasteur
- Peer SCHATZ
Chief Executive Officer, Qiagen
- Melvin SPIGELMAN
President and Chief Executive Officer, Global Alliance for TB Drug Development
- Paul STOFFELS
Company Group Chairman, Global Research and Development, Pharmaceuticals, Johnson & Johnson

12:15 – 12:30 **Break**

12:30 – 14:00 **Working Lunch** – Harbor Dining Room

What does the TB battle really look like? Stories from the front lines

How do we elevate this forgotten disease alongside HIV and Malaria, as well as learn from efforts to address those challenges? What do proposed solutions mean for people coping with TB and MDR-TB every day? How do we protect healthcare workers and immuno-compromised individuals in high-burden countries and help prevent the spread of MDR-TB in the first place?

Introducer: James NACHTWEY
Documentary Photographer, James Nachtwey Studio

Moderator: Paul FARMER
Co-Founding Director, Partners In Health

Commentators: Jaime BAYONA
Director-General, Socio En Salud Sucursal, Peru

Bobby JOHN
President, Global Health Advocates

Paul THORN
Project Director, The Tuberculosis Survival Project

Thelma TUPASI
Executive Director, Tropical Disease Foundation

Carol NYIRENDA
National Coordinator, Community Initiative for TB, HIV/AIDS & Malaria

14:00 – 14:30 **Break**

14:30 – 16:00 **Plenary Panel Session III**

Driving innovation: Compelling partnerships between global health and industry

How can industry, policymakers, and civil society around the world work together to prevent and overcome MDR-TB? How do we build and strengthen the case for global partnership that will create the best outcomes for patients? How can policy incentivize greater industry engagement? What can non-health companies teach us about effective innovation, and how can they help fill implementation and delivery gaps?

Introducer: Peter SMALL
Senior Program Officer, Infectious Disease Division & Team Leader for Tuberculosis, Bill & Melinda Gates Foundation

Moderator: Maria CATTAUI
Former Secretary-General, International Chamber of Commerce

Panelists: Michael BARBER
Chief Technology Officer, GE Healthcare

Patrizia CARLEVARO
Head of International Aid Unit, Eli Lilly and Company

Marcos ESPINAL
Executive Secretary, Stop TB Partnership Secretariat

Giorgio ROSCIGNO
Chief Executive Officer, FIND

Jerry SADOFF
President and Chief Executive Officer, Aeras Global TB Vaccine Foundation

Peter SMALL
Senior Program Officer, Infectious Disease Division & Team Leader for Tuberculosis, Bill & Melinda Gates Foundation

16:00 – 16:30 **Break**

16:30 – 18:00 **Plenary Panel Session IV**

Effective global health delivery—How *does* it work? How *should* it work?

What is the ideal basic structure of a coordinated prevention and treatment approach to MDR-TB? How do we deliver essential treatments and services to the people who need it most? What about the way we deliver care needs to change? How can policy and industry work together to facilitate uptake and scale-up of new technologies in the countries that need them most? How do we balance the need for new vaccines, drugs, and diagnostics with the need for adequate infrastructure and quality and safety control?

Introducer: Yu WANG
Director, China Center for Disease Control and Prevention

Moderator: Nigel CRISP
Independent Member, UK House of Lords

Panelists: Edward COX
Director, Office of Antimicrobial Products, U.S. Food and Drug Administration

David FLEMING
Director and Health Officer, Public Health, Seattle & King County

Peter NEUPERT
Corporate Vice President, Health Strategy, Microsoft Corporation

Mario RAVIGLIONE
Director, Stop TB Department, World Health Organization

Siti Fadilah SUPARI
Minister, Ministry of Health, Indonesia

Yu WANG
Director, China Center for Disease Control and Prevention

18:00 – 20:00 **Reception** – Harbor Dining Room

Thursday, June 18, 2009

7:00 **Registration Opens and Breakfast Available**

8:00 – 9:00 **Working Breakfasts**

Universal access through universal health coverage: A case for strengthening health systems – *Sound Conference Room*

Chair: Mario RAVIGLIONE
Director, Stop TB Department, World Health Organization

Micronutrient status: An essential contribution to the fight against disease – *Marina Conference Room*

Chair: Marc VAN AMERINGEN
Executive Director, Global Alliance for Improved Nutrition

9:00 – 9:30 **Break**

9:30 – 11:30 **Concluding Plenary Panel Session: Funding and implementing innovation**
TB receives disproportionately less funding when compared to HIV/AIDS and Malaria. How do we break the bottleneck of inadequate funding for TB research, implementation, and access in the current economic climate? Who is leading the charge?

Introducer: Margaret CHAN
Director-General, World Health Organization

Moderator: Sally DAVIES
Director-General, Research and Development, UK Department of Health and National Health Service

Panelists: Jorge BERMUDEZ
Executive Secretary, UNIT AID

Margaret CHAN
Director-General, World Health Organization

Armin FIDLER
Lead Advisor, Health Policy and Strategy, Human Development Network, The World Bank

Michel KAZATCHKINE
Executive Director, The Global Fund to Fight AIDS, Tuberculosis, and Malaria

Julian LOB-LEVYT
Chief Executive Officer, GAVI Alliance

Ann VENEMAN
Executive Director, UNICEF

Call to action: Key priorities and outcomes of the 2009 Pacific Health Summit

Concluding
Speaker: Jorge SAMPAIO
UN Secretary-General Special Envoy to Stop TB

12:00 – 13:30 **Working Lunch** – *Harbor Dining Room*

Changing the response to TB—What is our game plan?

How do we effectively tell the MDR/XDR-TB story? What can past responses to other pandemics (including the current H1N1 epidemic) teach us about balancing public demand for safety with uncertainty on the ground? How do governments determine the appropriate response? What is the duty of society vs. the duty of the individual? How do we carry Summit discussions and commitments forward?

Moderator: Susan DENTZER
Editor-in-Chief, Health Affairs

Commentators: Paula AKUGIZIBWE
Regional Treatment Advocacy Coordinator, AIDS and Rights Alliance for Southern Africa

Laurie GARRETT
Senior Fellow for Global Health, Council on Foreign Relations

Andrew JACK
Pharmaceuticals Correspondent, Financial Times

Andrew SPEAKER
Senior Partner, Andrew H. Speaker, P.C.

Winstone ZULU
HIV-TB Patient Advocate, Kara Counseling and Training Trust

14:30 – 16:30 **Post Summit Workshop**

Progress and challenges in addressing the fixed dose combinations (FDC) bottleneck in TB control: Country experiences and lessons to build momentum –
Sound Conference Room

Chair: Michael KIMERLING
*Senior Program Officer, Global Health Program,
Bill & Melinda Gates Foundation*
